

Cadence typeface revival

TYPOGRAPHIES.FR  2009

Cadence is a revival of an ornamental metal type font, which comes from a type specimen of the French typefoundry Jules Didot printed in 1842 (Spécimen de la nouvelle fonderie de Jules Didot l'ainé, boulevard d'Enfer, n° 4, à Paris, imprimé par Béthune et Plon, rue de Vaugirard). The ornamental metal type font may have been designed earlier in the 1830s.
